Validity of the Subject Description

2. OBJECTIVES AND LEARNING OUTCOMES

Objectives

The course's main goal is to familiarize the students with the fundamentals of universal money history, history of finance (banking, insurance, financial markets) and the main events of Hungarian economic history. The latter topic requires to review common historical knowledge via economic or political aspects. It is also the goal of the course that the historical events and data-like parts are not only to be acquired as individual encyclopedic knowledge, but the real purposes of the historical events would become understandable. The material is built on chronological logic.

Academic results

Knowledge

1. 1. the definition and attributes, basic function and history of money,
2. 2. the main events in the history of finance,
3. 3. the basic trends in the history of finance,
4. 4. the main events (concerning the economic history) of global and Hungarian history,
5. 5. the economical aspect of the latter.

Skills

1. 1. plan and organize independent learning,
2. 2. comprehend and use the professional literature of the topic,
3. 3. grasp the professional language in writing and speech,
4. 4. logical interpretation of the events of history

Attitude

1. 1. are open to learn and adapt the methodology of historical science
2. 2. collaborate with their instructors and fellow students during the learning process,
3. 3. gain knowledge and information,
4. 4. are open to critical thinking.

Independence and responsibility
