Validity of the Subject Description

2. OBJECTIVES AND LEARNING OUTCOMES

Objectives

The course's main goal is to familiarize the students with fundamentals of universal money history, and the main events universal history and Hungarian economic history. The latter topic requires to review common historical knowledge via economic or political aspects. It is also the goal of the course that the historical events and data-like parts are not only to be acquired as individual encyclopedic knowledge, but the real purposes of the historical events would become understandable. The material is built on chronological logic.

Academic results

Knowledge

1. The students are aware of
2. 1. the definition and attributes, basic function and history of money,
3. 2. the main events in the history of finance,
