2. OBJECTIVES AND LEARNING OUTCOMES

Objectives

The aim of the course is to present the conceptual framework of strategic marketing, the theoretical foundations and practical tasks of marketing planning. Students will gain an insight about the role of marketing in the competitiveness of an organization based on conscious, systematic planning. The aim is also to provide students with a theoretical framework and methodological knowledge to understand the specific areas of strategic marketing planning and the impact mechanisms of market decisions. All this knowledge is presented in the context of a value-based approach to strategy.

Academic results

Knowledge

1. Basic definitions and conceptual set of strategic marketing, types of marketing plans, the role and steps of marketing planning in the company.
2. Overview of the relationship between strategic, business and marketing planning, the concept of a value-based approach and how it is translated into the planning practice.
3. Confident knowledge of environmental analysis and information acquisition models and methods required for marketing planning. Knowledge of theoretical frameworks to synchronize marketing tools and programs and their strategic and tactical aspects of complex decisions

Skills

1. Having good situational awareness and responsiveness, thinking in appropriate structures. Applying acquired theories and methods, and being able to design a marketing plan, structure problems, target, select and apply appropriate analytical techniques.
2. Ability to make rational arguments in addition to marketing planning, communicate effectively with managers in other functional areas within the company, and allocate resources among the programs identified in the plan.
3. Ability to use professional terminology confidently from the vocabulary of strategic marketing and other special terms of the profession.

Attitude

1. Being able to demonstrate flexibility, sensitivity to change, and proactive behavior. Being constructive, cooperative, and an initiator in a project or in case of group assignments.
2. Being able to think long-term and analytical, being open to all forms of professional innovation, inclusive but not thoughtlessly permissive with every theoretical, practical and methodological innovations.
3. Being open to critical self-esteem, to various types of professional training, and strives for self-improvement.
4. Consciously representing the methods of his/her own profession and accepting the different methodological features of other disciplines.

Independence and responsibility

1. Ability to perform and manage complex marketing planning tasks.
2. Ability to organize and control work and activities of staff with due autonomy and responsibility in concrete organizational structure.
3. Being independent, constructive and assertive in forms of cooperation within and outside the institution.

Teaching methodology

Lectures, individual or group assignments and their presentation.

II. SUBJECT REQUIREMENTS

TESTING AND ASSESSMENT OF LEARNING PERFORMANCE

General Rules

Assessment of the learning outcomes described under section 2.2: Continuous assessment during the semester: 2 midterm tests (50 scores each) covering topics of nearly the same difficulty and weight

Performance assessment methods

A. Detailed description of the assessments methods: Each midterm test asks concepts and basic context related to the given topic. This typically consists of test-like, or short questions. Completion of the semester requires to reach at least 50 scores in total, based on the midterms' aggregate results. During the semester, students can earn extra points by completing separate tasks (which are automatically calculated above the minimum 50 points).

Percentage of performance assessments, conducted during the study period, within the rating

- 1. részteljesítmény-értékelés (zárthelyi dolgozat 1): 50
- 2. részteljesítmény-értékelés (zárthelyi dolgozat 2): 50
- opcionális önálló munka (opcionális egyéni feladat): 20
- összesen: 100

Percentage of exam elements within the rating

Conditions for obtaining a signature, validity of the signature

Issuing grades

Excellent	91
Very good	87–90
Good	75–86
Satisfactory	63–74
Pass	50–62
Fail	0–49

Retake and late completion

A. Detailed description of retake and make-up tests: • Only one of the midterm exams can be retaken or made up. • According to the code of studies always the last achieved result is calculated, even in case of grade deterioration • Please take into consideration that there is no other option to obtain the grade except for the midterms and their retake occasions at the specified dates • The optional individual plus work can not be repeated.

Coursework required for the completion of the subject

participation in contact hours	24
preparation for partial performance evaluation	66
total	90

Approval and validity of subject requirements

Consulted with the Faculty Student Representative Committee, approved by the Vice Dean for Education, valid from: 09.10.2023.
