- Sivák J.- Szemlér T.- Vigvári A: A magyar államháztartás és az Európai Unió közpénzügyei. CompLex Kiadó, 2013.
- Folyóiratcikkek és további, folyamatosan kiadott oktatástámogató anyagok

II. SUBJECT REQUIREMENTS

TESTING AND ASSESSMENT OF LEARNING PERFORMANCE

General Rules

The two pillars of the evaluation of the learning results formulated in point 2.2. are: 1. a formative assessment showing analysis and planning skills (preparation of a work plan); 2. as well as a summative assessment of the competencies acquired during the semester (handing in an exam paper).

Performance assessment methods

A. Detailed description of performance evaluations during the work period: Formative assessment (preparation of a work plan): preparation of the work plan of the exam paper to be submitted. B. Detailed description of the performance evaluations carried out during the exam period: A complex, written evaluation of the knowledge and ability-type competency elements of the subject in the form of an exam paper. The exam paper focuses on the assessment of the acquired basic knowledge and the exploration of the knowledge of the determining relations. The course material on which the evaluation is based is determined by the lecturer of the subject.

Percentage of performance assessments, conducted during the study period, within the rating

- formative assessment (preparation of the work plan): 10

Percentage of exam elements within the rating

- exam paper: 90

Conditions for obtaining a signature, validity of the signature

Condition for receiving a signature: preparation and approval of the course lecturer regarding the work plan of the exam paper.

Issuing grades

Excellent	95
Very good	87–94
Good	75–86
Satisfactory	63–74
Pass	50–62
Fail	0-49

Retake and late completion

1) Pursuant to the current CoS, in the case of formative assessments, if the assignment was submitted on time, it is possible to repeat or retake it before the end of the late completion period, if the original task has already been accepted by the instructor. 5) Formative assessments can be submitted late. The latest date for late submission is the last day of the late completion period.

Coursework required for the completion of the subject

participating in contact lessons	24
preparation for contact lessons	12
preparation of the work plan	40
autonomous learning	30
preparation of the exam paper	44
total	150

Approval and validity of subject requirements

Consulted with the Faculty Student Representative Committee, approved by the Vice Dean for Education, valid from: 06.11.2023.

III. COURSE CURRICULUM

THEMATIC UNITS AND FURTHER DETAILS

Topics covered during the term
