2. OBJECTIVES AND LEARNING OUTCOMES

Objectives

The objective of the training is to support the development of conflict resolution skills, methods and tools for effective conflict management in the workplace by experiencing, gaining and processing personal experience. Through the knowledge and practice imparted, to develop an approach, to offer alternatives for resolution, among which everyone must find their own way, make their own choices and apply them independently. Learn methods that help to live and apply mindful presence on a daily basis, which help to prevent burnout, make work more efficient and help to maintain physical and mental health. The student will be able to identify the stress factors affecting him/her and thus become aware of their impact on him/her (on his/her work and mental and physical health) and learn to manage them effectively, possibly reducing sources of stress.
