- 1. The student knows the tax responsibilities of companies, his/her knowledge is suitable for responsible work
- 2. fully familier with the institutional system of public financial control,
- 3. know the characteristics of tax types and can apply them independently. They have the necessary knowledge to make managerial decisions

#### Skills

- 1. The student is able to plan, organize and carry out independent learning,
- 2. to understand and process the literature sources and legislation on the topic, including international law
- 3. to assess the legal consequences of inspections, n possession of these to make responsible decisions
- 4. coordinate and perform tax calculations to support decision-making.

#### Attitude

- 1. The student is open to learning about the tasks of taxation, to transfer tax knowledge
- 2. collaborates with teachers and fellow students during learning,
- 3. enriches his / her knowledge and is informed,
- 4. uses the opportunities offered by IT tools.
- 5. able to use new ICT tools

#### Independence and responsibility

- 1. The student is open to accepting well-founded critical remarks, able to make critical remarks
- 2. collaborates with fellow students in solving tasks during learning, able to assume a leadership role during group work
- 3. able to make independent decisions, make decisions responsibly
- 4. is able to make informed judgments in tax matters, able to take responsibility for his/her decisions.
- 5. understands the weight and significance of responsibility, can assess the consequences of decisions

#### **Teaching methodology**

Lectures, written and oral communication, use of IT tools and techniques, optional individual and group work.

# Materials supporting learning

- Kötelező: Az előadások prezentációinak anyaga, ami a félév során folyamatosan fog feltöltésre kerülni.
- Ajánlott: az aktuális irodalmi lista az első órán kerül ismertetésre.
- The material of the presentations of the lectures, which will be continuously uploaded during a semester.
