**Exclusion** None

### Validity of the Subject Description

Approved by the Faculty Board of Faculty of Economic and Social Sciences, Decree No: 580387/26/2025 registration number. Valid from: 2025.05.28.

## 2. OBJECTIVES AND LEARNING OUTCOMES

### Objectives

The course is aimed to engage students in economy-related communication in the target language, to learn the terminology of business and understand the various business processes. The course is recommended for economics and engineering students, while also aiming to help them understand and accept the similarities and differences of the economics and engineering approaches.

### Academic results

#### Knowledge

1. The students are familiar with the specialised terminology of the business and corporate world,
2. they know the main economic sectors,
3. they understand the goals of the various enterprises,
4. they are able to distinguish the legal forms of enterprises,
5. they understand the main goals of marketing.

#### Skills

1. The students are able to describe business processes orally and in writing,
2. they actively use the specialised business terminology,
3. they understand the messages of the business press and news,
4. they actively participate in situations mimicking corporate meetings (e.g. projects, mediation),
5. they can write texts related to management activities (e.g. summaries, official letters).

#### Attitude

1. They are open towards and interested in the business events and the topical developments of the corporate sector of the target country and Hungary.

#### Independence and responsibility

1. They have the appropriate strategies for finding and collecting information independently on the various business processes and the operation of enterprises.

### Teaching methodology

The course focuses on expanding and actively using business vocabulary, therefore the students are working with economy-related written and audio materials and videos in class and at home. Situational exercises typically associated with the business and corporate sectors help to improve the active use of the language.

### Materials supporting learning

- A témához tartozó szövegek, videók és azokhoz kapcsolódó feladatok. - Texts, videos and related tasks within the topic.

## II. SUBJECT REQUIREMENTS
