Approved by the Faculty Board of Faculty of Economic and Social Sciences, Decree No: 580251/13/2023 registration number. Valid from: 29.03.2023.

2. OBJECTIVES AND LEARNING OUTCOMES

Objectives

The aim of the course is to give participants an insight into the basic theoretical and practical knowledge of the management discipline. It is important for the audience to understand the fundamental difference between a manager and a leader, the descriptors and drivers of the behavior of managers and subordinates, the specifics of groups in the work environment, and the rules for designing and operating the organization. In discussing the topics, we refer to the applicable management methods and their effects on the members of the organization and on the team performance. During the discussion of each topic, we present real problems and possible solutions through practical examples.
