2. OBJECTIVES AND LEARNING OUTCOMES

Objectives

The objective of the subject is to familiarize students with certain areas of foreign economic policy, the most im-portant concepts and present dilemmas. The semester covers a wide range of topics from the perspective of providing students with comprehensive background knowledge that will enable them to analyze complex prob-lems affecting a foreign economy. We examine the individual topics from both the economic and economic poli-cy aspects, with particular emphasis on the domestic aspects. As a result, our students acquire not only the ap-propriate theoretical foundations, but also up-to-date knowledge and awareness in the field of foreign econom-ics.

Academic results

Knowledge

- 1. The students are aware of
- 2. the conceptual system, the economic role of foreign economic policy
- 3. the characteristics and actors of the foreign economic policy and relationships between them
- 4. the most important foreign economic policy relationships and theories and calculations
- 5. key foreign economic policy and trade instruments, techniques

Skills

- 1. The students are able to
- 2. to analyse and evaluate the key foreign economic context in practice from an economic point of view
- 3. plan and organize independent learning,
- 4. comprehend and use the professional literature of the topic,
- 5. grasp the professional language in writing and speech,
- 6. recognize and solve practical professional problems.

Attitude

- 1. The students
- 2. are open to learn foreign economic policy,
- 3. collaborate with their instructors and fellow students during the learning process,
- 4. gain knowledge and information,
- 5. are open to critical thinking.

Independence and responsibility

- 1. The students
- 2. are open to accept reliable critical remarks,
- 3. are able to solve practical professional problems independently.

Teaching methodology

Lectures and written communication, use of ICT tools and techniques.

Materials supporting learning
