2. OBJECTIVES AND LEARNING OUTCOMES

Objectives

This course is designed to present and analyse problems in current Hungarian language, highly relevant to translators, relating to word classes, morphology, syntax, text linguistics and grammar.

Academic results

Knowledge

1. • Students are familiar with the spelling rules of the Hungarian language.
2. • they know the characteristics of the formation of sentences and texts;
3. • they are aware of the essential norms of correct language use.

Skills

1. • Students are able to use the rules of spelling, sentence and text formation;
2. • they are able to use the register in harmony with the genre of the specific text and the relevant project.

Attitude

1. • They appreciate and show interest in language problems in general and issues with the correct use of the language;
2. • they are expected to constantly improve their active and passive vocabulary;
3. • they are expected to use sophisticated language;
4. • they are expected to practise constant self-reflection, analyse and evaluate their own written products.

Independence and responsibility

1. • They complete assignments expected to be performed independently in an autonomous way; • they assume responsibility for their performance.

Teaching methodology

Pairwork, teamwork, independent work, frontal instruction.

Materials supporting learning

- A témák feldolgozásához előkészített írott és videós anyagok.
- Written materials and videos developed to help process the topics.
