Language of the subject

magyar - HU

Curricular role of the subject, recommended number of terms

Programme: Work and Organisational Psychologist 2010

Subject Role: Compulsory core material

Recommended semester: 1

Direct prerequisites

Strong None

Weak None

Parallel None

Exclusion None

Validity of the Subject Description

Approved by the Faculty Education Committee of Faculty of Economic and Social Sciences (Valid from: 06.09.2021.)

2. OBJECTIVES AND LEARNING OUTCOMES

Objectives

The aim of the course is to provide all students with the theoretical knowledge required for the subjects of the specialised further training. The subject knowledge can be acquired in the Master of Psychology in Work and Organisational Psychology, and can be completed by taking specific courses in the Master of Psychology. Those who cannot or can only partially demonstrate the required basic knowledge must take the following subjects:

- Organisational and management theories and models
- Workplace socialisation and integration
- Psychological aptitude test
- Workplace stress

Academic results

Knowledge

1. The student will acquire a comprehensive knowledge of organisational culture and leadership models
2. The student will learn about models of socialisation at work, the process of integration at work.
3. The student will be familiar with the main theoretical models of psychological aptitude testing, the characteristics of selection methods and their predictive validity.
4. The student will be familiar with the concepts of stress in the workplace, its possible causes and the individual and organisational responses to stress

Skills

1. Able to communicate professionally, orally and in writing, on these topics
2. The student is able to compare organisational culture models, identify similarities and differences, and apply organisational culture models in an organisational context.
3. The student will be able to compare management models, identify similarities and differences, and apply management models in an organisational context.
4. The student will be able to apply workplace socialisation models in practice, design workplace integration programmes.
5. The student will be able to identify the relationships between selection models and between predictors and the factors determining their validity, and to design the recruitment and selection process.
6. The student will be able to identify the links between the causes of stress in the workplace and the reactions to stress.

Attitude

1. Open to the latest, trend-setting knowledge in the field of organisational and work psychology.
2. Willingly collaborates with peers on specific issues.
3. Has a desire for continuous self-development.

Independence and responsibility

1. Able to independently study the literature on organisational culture, leadership models, workplace socialisation, workplace stress and psychological fitness, to navigate the subject and identify the practical implications of what is written, and to apply what is read in practice.
2. Takes responsibility for the tasks and programmes planned and/or managed by him/her.
3. Represents his/her profession responsibly and ethically.

Teaching methodology

Lecture, interactive class exercises, group work, practical exercises.

II. SUBJECT REQUIREMENTS

TESTING AND ASSESSMENT OF LEARNING PERFORMANCE

General Rules

A 2.2. pontban megfogalmazott tanulási eredmények értékelése írásbeli vizsgán történik a vizsgaidőszakban.

Performance assessment methods

Performance assessment during the examination period. Written examination in all four subjects.

Percentage of performance assessments, conducted during the study period, within the rating

Percentage of exam elements within the rating

- written exam - organisational and management models: 25%
- written exam - socialisation at work: 25%
- written test - psychological aptitude and selection: 25%
- written exam - stress at work: 25%
- sum: 100%

Conditions for obtaining a signature, validity of the signature

The condition for obtaining the signature is the completion of all project tasks according to point 3.3

Issuing grades

Excellent

Very good > 90

Good 80–89

Satisfactory 70–79

Pass 50–69

Fail < 50

Retake and late completion

The student may substitute an individual homework.

Coursework required for the completion of the subject

8

232

240

Approval and validity of subject requirements

Pre-2017, next review September 2021.

III. COURSE CURRICULUM

THEMATIC UNITS AND FURTHER DETAILS

Topics covered during the term

A 2.2. pontban megfogalmazott tanulási eredmények eléréséhez a tantárgy a következő tematikai blokkokból áll. Az egyes félévekben meghirdetett kurzusok sillabuszaiban e témaelemeket ütemezzük a naptári és egyéb adottságok szerint.

- 1 Pszichológiai alkalmasság és kiválasztás: A toborzás és a kiválasztási folyamat megtervezése; A kiválasztás eszközei, az eszközök érvényesség; A kiválasztás hatása az egyénekre
- 2 Szervezeti és vezetési elméletek, modellek: Szervezeti kultúra modellek; Vezetési filozófiák
- 3 Vezetési elméletek
- 4 Munkahelyi szocializáció, beilleszkedés: A munkaköri, munkahelyi, munkaszervezeti szocializáció értelmezése és fogalmi tisztázása.; A munkahelyi beilleszkedés kérdései.; A munkahelyi szocializációt befolyásoló tényezők, szervezeti hatások
- 5 Munkahelyi stressz: A munkahelyi stressz fogalma és jellemzői.; A munkastressz lehetséges okai, kiváltó tényezői, osztályozása.; A stresszre adott válaszreakciók, stressz-tünetek.; A munkastressz szervezeti tényezői.
