Strong None

Weak B2 szintnek nagyjából megfelelő nyelvtudás / language competence close to B2 level

Parallel None

Exclusion None

Validity of the Subject Description

Approved by the Faculty Board of Faculty of Economic and Social Sciences, Decree No: 581046/15/2021. Valid from: 24.11.2021.

2. OBJECTIVES AND LEARNING OUTCOMES

Objectives

The course is aimed to prepare the students for the economic language exam, as well as teach them about the operations of the corporate and business sectors and the related technical vocabulary. The course prepares students for situations in oral and written communication, required in economic life. The course is aimed to enhance the language competency of students who already have B2-level language competence.

Academic results

Knowledge

1. • The students are familiar with the typical topics and sections of the relevant exams.
2. • They are able to understand the instructions given for the various types of tasks.
3. • They are able to use the strategies required for the exams.
4. • They are familiar with the assessment criteria used for the various sections.

Skills

1. • The students are able to understand written technical texts, newspaper articles and adverts, and collect key pieces of information.
2. • They understand and follow conversations in their field of expertise, and are able to complete tasks which assess the comprehension of texts during the listening part of the language exam.
3. • They are able to create texts (business letters, analyses of charts), using the technical terminology of their specialist area.
4. • They are able to communicate effortlessly and freely with members of the community using the economic language, and they are able to support their arguments with examples and data.

Attitude

1. • They are open to discuss economic processes in a foreign language.
2. • The students strive to cooperate and complete the tasks in a precise manner.

Independence and responsibility

1. • They have the necessary strategies for developing their technical language competence independently and take responsibility for improving their language proficiency.

Teaching methodology

The course focuses on establishing the strategies required for the exams, therefore we complete a lot of practice tests during the lessons and as homework. We use a lot of cooperation techniques to improve listening skills.

Materials supporting learning

- Különböző nyelvvizsgákhoz készült feladatgyűjtemények és mintafeladatsorok. . - Collections of practice tests and sample tests.
